

## Easy Clean Vinyl Runners

Easy Kleen Vinyl Runners offer a wide, round rib design for easier sweeping and mopping and thus are ideal for locations that need frequent cleaning and maintenance.

The rounded corrugations on these runner mats increase traction by extenuating the high-low surface pattern while also helping contain liquids and spills.

These vinyl runner mats are ideal for use in areas that require frequent cleaning including food and chemical distribution and handling areas as well as floors that can get messy such as those in animal care facilities.

The semi-circular ribs found on these floor mats are spaced farther apart than on other vinyl runners which allows for easier sweeping and mopping.

NOTE: 5' wide runner mats are **ONLY** available in black.
