

## Rejuvenator Anti Fatigue Mats

Rejuvenator Anti Fatigue Mats are virtually indestructible comfort mats made for use in almost any environment. These anti fatigue mats are molded out of 100% polyurethane and feature a thick skin layer which totally encapsulates the floor mat. This means that the Rejuvenator Anti Fatigue Mat will withstand heavy use as well as repel a moderate amount of liquid.

These anti fatigue mats provide for premium comfort because of the excellent “spring” created from its polyurethane composition. You get the feeling of walking on air because of the compression and rebound felt standing on this anti fatigue mat. This long lasting compound makes the mat crush resistant and provides for many years of use.

These anti fatigue mats are perfect for use in almost any commercial, industrial, or residential application. The Rejuvenator Anti Fatigue Mats also come in a connectable version when large areas or runs are needed.

- Easily clean these floor mats with a damp cloth or mop.
- 5/8” Thick with molded beveled edges
- Crush resistant and virtually indestructible
- Exceptional chemical resistance
- Textured underside grips hard floors to prevent movement
