

## Berber Door Mats

Berber Door Mats offer a hobnail surface, which works its way into the grooves on the bottom of shoes to help this door mat scrape off dirt and remove moisture.

The surface nubs found on these berber floor mats are formed with compact tufts of polypropylene bound in a high/low surface pattern. The nubs run the length of the floor mat (though this berber mat can be laid out in either direction and be equally effective).

Berber floor mats have vinyl backing and edging on all sides for added weight and traction.

These door mats are stain, fade and mildew resistant and ideal for use in indoor and covered outdoor locations.

For medium use areas these standard berber floor mats work great – for high traffic locations, we recommend our Super Berber Floor Mats.

To clean berber door mats, simply shake off, vacuum or hose down and dry.

Item No: FM.EBR
