

Chair Mats for Carpeted Surfaces

Chair Mat Thickness Selection

Economy: made for low profile carpet, such as commercial and rubber backed carpets (without padding underneath).

- For carpet less than 3/8" inch thick.
- These mats are 1/10" or 100mil thick.

Regular: made for low profile carpet or medium profile carpet (without padding underneath).

- For carpet approximately 3/8" inch thick.
- These mats are 1/8" or 125mil thick.

Standard: made for medium profile carpets (with padding) to deep profile carpets (without padding).

- For carpet 3/8" to 3/4" thick.
- These mats are 1/7" or ~145mil thick.

Premium: made for all carpets including deep profile carpets with padding.

- Essential for plush carpets greater than 3/4" thick
- These mats are 1/5" or 200mil thick.

All the carpeted surface chair mats come with a **beveled (sloped) edge automatically** unless you specifically request a straight edge.

If you select the type of mat based on the categories above and you use the chair properly, it should not break. All our chair mats have a lifetime guarantee.

• NOTE: A **"lip"** is defined as a protrusion or extension from the edge of the mat. The picture below has a lip.

• NOTE: Chair Mats with a lip are listed using the **overall size** of the mat including the lip; thus, the rectangular portion of the mat is smaller than the corresponding size listed.

- 36" x 48" mats have a **20" wide x 10" deep lip**.
- **All** other sizes have a **25" wide x 12" deep lip**.
