

## Clear Vinyl Runners

Clear Vinyl Runners are vinyl runner mats that help protect carpet from dirt, debris and water while providing a slip-resistant, clear surface to allow the carpet design and color pattern to show through.

These clear runner mats have cleats on the backside of the mat to help hold the mat in place and prevent sliding on the carpet below.

**Premium Clear Vinyl Runners** are constructed from a softer, more pliable vinyl material and ideal for regularly maintained, medium traffic locations that do not have carts, dollies, wheelchairs or other heavy wheeled objects roll across.

**Rigid Clear Vinyl Runners** are recommended for use on thicker/plusher carpets and/or in locations with heavy objects rolling over them (including carts, dollies, handtrucks, wheelchairs, etc.)

Both styles of clear vinyl runner mats are 1/8" thick and come up to 60' in length.

Clear runner mats are perfect for use in commercial spaces with carpeted areas and elevator lobbies, long hallways and other frequently traversed carpeted environments.
