

DirtStop Indoor/Outdoor Door Mats

Dirt Stop Premium Entry Mats are durable indoor / outdoor floor mats designed to aggressively scrub dirt and debris from shoes. Keeping the dirt at the door protects your valuable floors and decreases your maintenance costs. Mats are NFSI "high traction" certified for increased peace of mind.

The coarse nylon fibers are solution dyed, which means the color is embedded within the fiber itself. The attractive colors are permanent and the mats will not degrade due to sun / UV exposure. The coarse fibers efficiently clean away dirt lodged into shoe soles. The looped pile allows dirt to fall within the mat, keeping it from being tracked into the building.

These entry door mats feature a lay-flat rubber border that allows water to drain from the mat. Keeping water outside helps to prevent slips and falls. The durable rubber backing is available in smooth and cleated for extra grip on carpet.

- Solution dyed fibers don't fade in the sun
- Exterior rated construction won't degrade from UV
- Mats are indoor / outdoor suited for all weather
