

DishwasherSafe Foam Kitchen Mats

DishwasherSafe Foam Kitchen Mats are perfect for commercial kitchen environments, providing extended comfort to the back, knees and feet, while increasing traction and allowing for easy clean up - even in a restaurant dishwasher or commercial washer and dryer.

These anti fatigue kitchen mats are constructed of a nitrile foam rubber, which prevents absorption of liquids, as well as grease & oil into the mat but still allows for maximum compressibility so these kitchen mats feel great to stand on.

These 5/8" thick foam kitchen mats are available both with and without drainage holes.

Beveled edges help ensure that these kitchen mats are not a trip hazard, especially in a hectic kitchen setting.

Each DishwasherSafe kitchen mat is produced with an anti-bacterial compound to help eliminate odors and micro-organisms.

To clean, simply hose off or place in a commercial washing machine or dishwasher - this kitchen mat's nitricell construction will help prevent the mat from curling up or breaking down.

These kitchen floor mats are available in both standard sizes as well as custom lengths up to 40' long.

Item No: FM.FCPCFTLND
