

Hog Heaven Fashion Modular Tiles II

Hog Heaven Fashion Modular Tiles are premium $\frac{3}{4}$ " thick anti-fatigue floor mats with a three layer modular design. They are perfect for high traffic areas where appearance, durability and safety are important. Mats are easy to install and maintain.

The three comfort layers work in concert. The closed cell Nitrile cushion layer is comfortable, and non-absorbent. The solid middle layer provides durability and wear resistance. The attractive "high traction" carpet layer is chemical resistant, color fast, and permanently bonded for years of comfort.

The traction grid design, high density carpeting and integral safety ramps keep your workers safely on their feet. These comfortable floor mats are also easily cleaned with common carpet cleaning agents. Simply mop up liquid spills, clean with vacuum extraction or scrub and allow them to air dry.

- Mats are anti-static for comfort and safety
- Mats certified by the National Floor Safety Institute

Item No: FM.HHFMT
