

Hog Heaven II Linkable Runner Mats

Hog Heaven II Linkable Runner Mats are linkable anti-fatigue runner mats. These modular rubber floor mats are made with Nitrile, a premium, durable rubber compound. They retain exceptional traction and resiliency throughout their life.

The solid surface provides excellent dry traction, and allows spills to be cleaned up with ease. Mats resist chemicals, fats and oils. The surface is permanently bonded, and available with a durable **grit** traction additive to further enhance the traction, safety and service life of these runner mats.

These linkable rubber floor mats can be installed to fit nearly any length desired, and are excellent for production lines and lengthy work areas. Damaged or worn out sections can be easily replaced without replacing the entire floor mat.

Mat Dimensions

- End links are approximately 44" W x 40" L
- Middle links are approximately 44" W x 36" L

Item No: FM.HHLRM
