

Rubber Safety Scrape Mats

Rubber Safety Scrapper Mats are high traction rubber floor mats. These anti-slip floor mats feature an advanced surface texture that aggressively scrapes debris from shoes, and a high grip rubber material repels water and grips shoes tightly.

The rubber compound in these safety floor mats is premium 100% Nitrile. Nitrile rubber floor mats are grease and oil proof, as well as resistant to most common chemicals.

Rubber Safety Scrapper Mats are certified "high traction" by the National Floor Safety Institute. Mats are available with high visibility OSHA approved colored safety borders. These rubber floor mats feature a low profile design in order to minimize common workplace slip, trip, and fall accidents.

Cleated backing and smooth backing are available, please specify when ordering. For use on carpeting order cleated backing. With smooth surfaces order smooth backing. Mats are manufactured with 20% post consumer recycled rubber.

- 100% Nitrile resists chemicals and increases traction
- OSHA approved safety color borders
- Aggressive traction surface
- Low profile to prevent tripping

Item No: FM.ESFTSCR

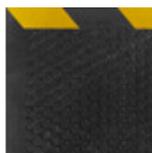

Standard Sizes (Approximate)

Size	Qty. 1	Qty. 2-10	Qty. 11-25	Qty. 26+
