RubberDrainage Door Mats

RubberDrainage Door Mats work well outside when exposed to the elements – the drain holes in these rubber mats allow water, snow and dirt to fall through the mat to help keep the top surface clean and prevent debris and moisture from being brought inside.

The alternating, multi-directional pattern on the top side of these rubber door mats effectively scrapes shoes while the pattern on the underside allows the moisture to flow out from under the mat, preventing moisture buildup.

RubberScrape floor mats are 3/8" thick and come with beveled safety edges to prevent tripping and for ADA-compliance.

100% nitrile rubber construction allows RubberDrainage door mats to be left outside without damage from harsh temperatures or UV light. These door mats are treated with an anti-microbial compound which helps prevent bacteria and mildew growth on the mat.

To clean, just shake out or hose off. These rubber floor mats are also fully launderable.

20% recycled content.

Item No: FM.EDR

Standard Sizes (Approximate)

Size	Qty. 1	Qty. 2-10	Qty. 11-25	Qty. 26+
2' x 3'	\$40.78	\$39.56	\$37.96	\$35.88
