## RubberScape Door Mats

RubberScape door mats are an excellent exterior doormat to act as a first line of defense against dirt and debris entering your building.

RubberScape mats are constructed of 100% nitrile rubber and thus can be left outside in the sun, the rain and the snow and not fade nor rot.

The nitrile rubber used in the construction of RubberScape door mats helps prevent these floor mats from scooting around or curling up.

This rubber mat's nub surface helps scrape dirt, debris, snow and salts from shoes while the high/low pattern keeps dirt below the surface so it's not tracked inside.

RubberScape door mats are ideal for heavy traffic, (covered and uncovered) outdoor environments.

To clean RubberScape floor mats, simply shake out or hose off.

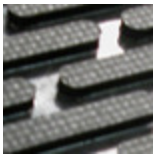

20% recycled content.

Item No: ERS

**Standard Sizes (Approximate)**

<b>Size</b>	<b>Qty. 1</b>	<b>Qty. 2-10</b>	<b>Qty. 11-25</b>	<b>Qty. 26+</b>
