

Super Berber Custom Logo Mats

Super Berber Custom Logo Mats offer razor sharp designs and are geared for the most demanding floor mat applications. These berber logo mats employ our ExactLock technology in which the logo colors are inlaid into background color, like a jigsaw puzzle, producing an extremely durable and highly aggressive logo floor mat.

The Super Berber Logo Mat surface consists of polypropylene, which dries quickly and will not fade or rot.

This custom berber mat is available with a heavy-duty beveled nosing for use on top of existing floors but the mat can also be cut to fit in recessed areas.

With a wide variety of colors, sharp color definition and extended durability, Super Berber Logo Mats are a must have for locations with high traffic.

These mats can be oversized to fit large areas and be custom cut to virtually any shape or wall-to-wall layout.

PLEASE NOTE: a logo mat design proof will be emailed to you for your approval before production.
