

Waterhog Fashion Drainage Mats

Waterhog Fashion Drainage Mats are elegant and efficient. The attractive carpet fibers extend to the edge of the mat, and they keep the elements outside where they belong.

Mats are constructed with a raised "waffle board" pattern that provides high traction and aggressive cleaning. They have matching fabric borders which allow water to flow right off the mat, preventing pooling and allowing quick drying.

The polypropylene carpet layer is anti-static, does not fade or rot and dries very quickly, making these ideal exterior entrance mats. These doormats are 20% recycled and clean easily; hose them off, hang them up or use extraction.
